Forest Ecology and Management

Contents of *Forest Ecology and Management*, Volume 118

VOL. 118, NOS. 1–3 **14 JUNE 1999**

Aphids on Norway spruce and their effects on forest-floor solution chemistry
B. Michalzik (Bayreuth, Germany), T. Müller (Paulinenaue, Germany) and B. Stadler (Bayreuth, Germany) 1
Population structure in old-growth and managed northern hardwoods: an examination of the balanced diameter distribution concept
J.M. Goodburn and C.G. Lorimer (Madison, USA) 11
Regeneration and structure of *Aspidosperma quebracho-blanco* Schl. in the Arid Chaco (Córdoba, Argentina)
A.H. Barchuk and M. del Pilar Díaz (Córdoba, Argentina) 31
Snag dynamics and cavity occurrence in the South Carolina Piedmont
C.E. Moorman, K.R. Russell, G.R. Sabin and D.C. Guynn. Jr. (Clemson, USA) 37
Effect of fire on survival and growth of *Acer rubrum* and *Quercus* seedlings
J.A. Huddle (Columbia, USA) and S.G. Pallardy (Lincoln, USA) 49
Masam – a flexible stand density management model for meeting diverse structural objectives in multiaged stands
K.L. O'Hara (Berkeley, USA) and N.I. Valappil (Missoula, USA) 57
Factors affecting site productivity of a Costa Rican secondary rain forest in relation to *Vochysia ferruginea*, a commercially valuable canopy tree species
B. Herrera, J.J. Campos, B. Finegan (Turrialba, Costa Rica) and A. Alvarado (San José, Costa Rica) 73
Impact of beaver foraging on structure of lowland boreal forests of Algonquin Provincial Park, Ontario
N.T. Donkor (Edmonton, Canada) and J.M. Fryxell (Ontario, Canada) 83
Spatial variability of insect communities in a homogenous system: Measuring biodiversity using Malaise trapped beetles in a *Pinus radiata* plantation in New Zealand
J. Hutcheson (Rotorua, New Zealand) and D. Jones (Christchurch, New Zealand) 93
The effects of population growth on timber management and inventories in Virginia
D.N. Wear (NC, USA), R. Liu, J. Michael Foreman (VA, USA) and R. Sheffield (NC, USA). 107
Reduced-impact logging effects on commercial non-vascular pendant epiphyte biomass in a tropical montane forest in Costa Rica
C. Romero (Gainesville, USA) 117
Relationship between soils and Amazon forest biomass: a landscape-scale study
W.F. Laurance, P.M. Fearnside, S.G. Laurance and P. Delamonica (Manaus, Brazil), T.E. Lovejoy (Washington D.C., USA), J.M. Rankin-de Merona (Manaus, Brazil), J.Q. Chambers (Santa Barbara, USA) and C. Gascon (Manaus, Brazil) 127
Water-use patterns of woody species in pineland and hammock communities of South Florida
S.M.L. Ewe, L. da Silveira Lobo Sternberg (FL, USA) and D.E. Busch (Portland, USA) 139
An application of terrain and environmental modelling in a large-scale forestry experiment
D. Mummery, M. Battaglia, C.L. Beadle, C.R.A. Turnbull (Hobart, Tasmania, Australia) and R. McLeod (Geeveston, Australia) 149
The effect of shelterwood logging on the diversity of plant species in a beech (*Fagus crenata*) forest in Japan
T. Nagaike, T. Kamitani (Niigata, Japan) and T. Nakashizuka (Otsu, Japan) 161
Tree and cone selection by crossbills *Loxia* sp. and red squirrels *Sciurus vulgaris* at Abernethy forest, Strathspey
R.W. Summers and R. Proctor (UK) 173

Pattern of height growth for southern pine species
B. Zeide (Monticello, USA) 183
Functions and effectiveness of silvicultural streamside management zones in loessial bluff forests
R.F. Keim (Corvallis, USA) and S.H. Schoenholtz (Mississippi State, USA) 197
Selecting a functional form for anamorphic site index curve estimation
D.M. Nanang (Edmonton, Canada) and T.K. Nunifu (Tamale, Ghana) 211
Diversity-oriented silviculture in the Boreal Zone of Europe
E. Lähde, O. Laiho and Y. Norokorpi (Vantaa, Finland) 223
Long-term effects of mineral amendments on soil fauna and humus in an acid beech forest floor
S. Deleporte and P. Tillier (Paimpont, France) 245
